Parameters, set out in the tables of this section of the Tariffs for options Standardized OTC Derivative Contracts:

Strike – a Settlement Price of an option Standardized OTC Derivative Contract;

Forward – a value of a forward rate of the Currency pair of an option Standardized OTC Derivative Contract effective on an Expiration date of an option Standardised OTC Derivative Contract, defined in accordance with the Risks of the Standardized OTC Derivatives Market Calculation Methodology;

A term of an option Standardized OTC Derivative Contract means a number of days from a date, when an option Standardised OTC Derivative Contract is concluded to an Expiration date of an option Standardised OTC Derivative Contract;

A number of days in a certain number of months (hereinafter the period) is defined in the following order:

- a month and a year, when the period is over, are defined through adding a certain number of months to a month and a year when an option Standardised OTC Derivative Contract is concluded;

- if in the month defined as the last month of the period there is a date the figure of which coincides with the figure of a date when an option Standardised OTC Derivative Contract is concluded then this particular date is the end date of the period, otherwise the end date of the period is considered to be the closest preceding date;
- if the defined end date of the period is not a workday then the end date of the period is the closest following workday, however if the closest following workday is the day of next month then the end date of the period is the closest preceding workday. Meanwhile the workday for the purposes of defining the end date of the period is the Workday, when credit institutions execute banking transactions (including the FX market in accordance with historical practice) in each currency, which is included into a Currency pair under an option Standardized OTC Derivative Contract in Main financial centres;
- a number of days in the period is equal to a number of days from the date when an option Standardised OTC Derivative Contract is concluded to the defined end date of the period.

Procedure for defining N:

If a Standardized OTC Derivative Contract contains one Nominal sum then N is equal to a Nominal sum of a Standardized OTC Derivatives Contract, meanwhile a Nominal sum denominated in foreign currency is converted into Russian rubles according to the exchange rate of the Bank of Russia, set out for the day when the fee is charged.

If a Standardized OTC Derivatives Contract contains two Nominal sums then the currency of the Nominal sum of a Standardized OTC Derivative Contract is chosen in accordance with the Nominal sums currencies priority list, approved by the Clearing House. N is equal to a Nominal sum of a Standardized OTC Derivative Contract in a chosen currency meanwhile a Nominal sum denominated in foreign currency is converted into Russian rubles according to the exchange rate of the Bank of Russia, set out for the day when the fee is charged.

Fee of the Clearing House is levied on the Clearing Member and is recorded under the Settlement Account, to which corresponds a code of a position register, where obligations under a Standardised OTC Derivative Contract are recorded, on a day when a Standardised OTC Derivative Contract is concluded.

under Standardised OTC Derivative Contracts	k	Сбор_{min}	K
- under Standardised OTC Derivative Contracts concluded on the Exchange	0,7	1000 (one thousand) Russian rubles per one Standardised OTC Derivatives Contract	0,41
- under Standardised OTC Derivative Contracts, excluding Auction contracts	1	1000 (one thousand) Russian rubles per one Standardised OTC Derivatives Contract	0,33

6. The penalty for non-fulfillment of obligations by a Clearing Member that lead to the execution of a liquidation auction (exclusive of VAT):
- $$5 * \text{Max} (\text{Сбор}_{\text{min}}; K * n * N / 1\,000\,000)$$
- per each Auction contract, concluded between the Clearing House and a Non-defaulting Clearing Member.
- Shall be levied on the Clearing Member and is recorded under the main proprietary Settlement Account in Russian rubles on the day when an Auction contract is concluded.
