2. the bonus is not granted to the Clearing Member – Market Maker under the trade in securities, executed on the basis of the order submitted by such Clearing Member to fulfill the obligations of the Market Maker;
3. the size of the bonus under the trade constitutes 50% of the variable part of the fee under the trade, paid by the Clearing Member, meanwhile the size of the bonus shall not exceed the difference between the sum of the variable part of the fee under REPO trade and the minimum size of the variable part of the fee;
4. the bonus under intra-broker<sup>2</sup> on-exchange REPO trades, excluding Trades T+, is granted to the Clearing Member in case if the size of the bonus by the end of the calendar month is equal to or exceeds 15 000 (fifteen thousand) rubles (meanwhile the size of the bonus calculated for the previous calendar months is not taken into consideration);
5. the bonus is provided based on the results of the calendar month and is transferred to the Clearing Member not later than the last Settlement Day of the month that follows the month of the provision of the clearing services.

<sup>2</sup> – For the purposes of these Tariffs, intra-broker trade is the trade executed without the central counterparty in which both parties to the trade are one Clearing Member is, or the trade executed with the central counterparty on the basis of two counter orders, submitted by one Clearing Member.

<sup>3</sup> – MP – the maturity period, which is equal to the number of calendar days from the date of execution of the trade, excluding this date, to the date of redemption of the bond, including this date.

<sup>4</sup> – MP<sub>1</sub> – first 7 (seven) days of the MP (from 1 (one) to 7 (seven) days (inclusively)).

If total number of days of the MP is less than 7 (seven) days (as the result, the value of the number of remaining days (MP – MP<sub>1</sub>) takes the value of 0 (zero)) when calculating the tariff for the number of remaining days of MP the value of the summand (MP – MP<sub>1</sub>) takes the value of 0.

<sup>5</sup> – The REPO sum and the REPO duration period are the parameters determined when the relevant REPO trade is executed. For intraday REPO trades for the purpose of calculation of the fee, the REPO duration period is considered to be equal to 1 (one) day.

<sup>6</sup> – The minimum size of the variable part of the fee constitutes:

- 1,40 rubles for on-exchange REPO trades, which are not Trades T+;
- 1,40 rubles for on-exchange REPO trades, which are Trades T+ and executed in the Trading Modes different from the «REPO with the CCP - Order book orders»;
- 0,01 ruble for on-exchange REPO trades, which are Trades T+ and executed in the Trading Mode «REPO with the CCP - Order book orders».

<sup>7</sup> – The total volume of trades executed since the beginning of the current calendar month as of the end of the previous trading day inclusive.

<sup>8</sup> – The Tariff does not apply to Trades executed by the Clearing House on behalf of the Clearing Member in case if the Clearing Member does not have sufficient amount of cash funds / securities required for the fulfillment of obligations of such Clearing member or in case of insufficiency of the cash funds/ securities of the Clearing House to fulfill the Claims of such Clearing Member or the Claims of other Clearing Members, and also executed by the Clearing House on behalf of the Clearing Member in order to satisfy the Margin Call of such Clearing Member and during the cross-default procedure in respect of such Clearing Member.

<sup>9</sup> - For the purpose of the calculation of the fee the credit amount and the period of the credit agreement are assumed to be equal to the relevant parameters determined at the conclusion of the credit agreement in accordance with The Equity & Bond Market, Deposit Market and Credit Market Trading Rules of Public Joint-Stock Company Moscow Exchange MICEX-RTS

<sup>10</sup> – The variable part of the fee is not cancelled and is not recalculated in case of non-fulfillment by the Clearing Member of the first and/or the second part of REPO trade (also in case of the termination of the obligations under REPO trade on the basis of the registration of Instructions to refuse to settle REPOs in the Clearing System).

<sup>11</sup> – If the fee tariff chosen by the Clearing Member is not indicated in sub-paragraphs 6.1.1. - 6.1.3. of this Section of the Tariffs of the Clearing House (is not valid fee tariff), the fee tariff DEPO\_0 is established for such Clearing Member.

<sup>12</sup> – For the purposes of these tariffs, a maker's trade means a trade executed on the basis of an order of a Trading Member / offers of a Clearing Member, the registration time of which is earlier than the registration time of an acceptable opposite order / offers.

<sup>13</sup> – For the purposes of these tariffs, a taker trade means a trade executed on the basis of an order from a Trading Member / offers from a Clearing Member, the registration time of which is later than the registration time of an acceptable opposite order / offers.

<sup>14</sup> – If the fee is determined on a Settlement Day that is not a non-working (holiday) day, the fee is charged on the day it is accrued. If the fee is determined on a Settlement Day that is a non-working (holiday) day, the fee is charged on the next Settlement Day that is not a non-working (holiday) day.

<sup>15</sup> – Settlement Day – a day that is both the Settlement Day for the currency in which settlements are made under the corresponding REPO trade with an open date, and the Settlement Day for the purposes of determining the Settlement Date of obligations under Trades with a security that is the subject of a REPO trade with an open date.

<sup>16</sup> – Charged, inter alia, in case of non-execution of the first part of a REPO trade with an open date.

<sup>17</sup> – The fee is charged, including if, at the time of its collection, a REPO trade with an open date has become urgent for execution.
